ADVANCED TECHNOLOGY

SMART iCARE TECHNOLOGY - MAGNISMARTECH

MagniSmartech is a mattress equipped with integrated sleep technology which allows you to learn more about your sleep.

PATENTED SPINE STRETCH TECHNOLOGY - MAGNISTRETCH

MagniStretch is a technologically innovative mattress. It's an exclusive patented product created to provide perfect comfort and support to the back.

VACUUM PACKAGING

Our unique vacuum packaging technology maintains hygiene while transporting our world-class handcrafted mattresses all the way from Italy.

DUAL CORE TECHNOLOGY

Dual Core is an innovative technology that divides the mattress into two cores, providing two different types of support and comfort.

CORE MATERIALS

MEMOFORM

A patented anatomical design which adapts to your body and weight bringing a sensation of well-being.

ELIOFORM

Exclusively crafted with high-density microcellular foam for a complete orthopaedic and supportive feature that enables high breathability.

ELIOSOFT FOAM

Intricately designed, breathable foam for extra cushioning and comforting experience.

MAGNIGEL FOAM

This material provides a highly breathable and flexible character to our mattresses. It has a gel-infused foam which gives a fresh and cool sensation.

AQUABREEZE FOAM

A foam with an Airyfoam technology having special and exclusive open-cell construction, allows an easy air circulation for an optimal dispersion of body heat.

MALLOW FOAM

Mallow has anti-inflammatory, calming and soothing properties that make this material a source of well-being for the nervous system. Experience soft and comfortable support that is ideal for your head.

HIGHLY ADVANCED FABRICS

OUTLAST

A specially designed fabric certified by NASA which is used to maintain firmness of the mattress and regulate the body heat.

VISCOSE

A highly breathable fabric with extreme absorption properties due to its soft and silky texture.

COOLMAX

A high-performance Dupont® fabric that balances the body's moisture levels.

WOOD

An ecological, healthy combination of timbers reclaimed for their soft, odour free and breathable properties.

SATIN VISCOSE

The satin viscose cover combines the properties of viscose with the quality of satin to create an elegant fabric which facilitates the breathability of the mattress.

THERMIC FABRIC

Thermo regulating fabric regulates body heat, providing instant relief to the body, as per the ambient temperature.

EXCLUSIVE FEATURES

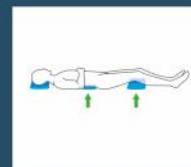

ZERO PRESSURE POINT

The patented memoform provides relief from painful stress points caused while lying down.

OPTIMUM BACK SUPPORT

These mattresses are designed to adapt to your body shape and type to provide the best support to your back.

HYPOALLERGENIC

We use anti-bacterial, anti-dustmite and anti-fungus treated fabrics that have zero effect on sensitive skin.

ANTI-BACTERIAL ANTI-DUST MITE

Good for skin sensitive to dust allergies.

ANTI-FUNGUS TREATED

Built with fabrics and material with anti-fungal properties.

ODOURLESS FABRIC

Made with materials always fresh and ready to use.
